YOUR GLOBAL PROJECT, OUR PASSION

ABOUT ITCROSS

<https://it-cross.com/about-us/>

ITCROSS is a global Oracle Partner, with offices in Mexico, USA, Spain and Argentina.

Our team is specialized on global implementations and localization in Latin America and EMEA. We work with JD Edwards, Oracle Cloud ERP/SCM/EPM, and Oracle PaaS.

We have more than 20 years 'experience working with Oracle products, 6 Oracle Partner Awards, and more than 20 global implementations done on-time and on-budget. Our consultants are Oracle certified and speak several languages.

We provide solutions that simplify and solve legal requirements of each country. We have made global implementations our business goal and we have dedicated our careers to this type of project. That's why we understand the importance of global standardization, but we can also identify and solve local needs.

Your global project, our passion. ITCROSS.
